

QUALITY LAWN AND LEAF COLLECTION HOSES FOR EVERY APPLICATION

As the leaves fall, your need for high quality ducting rises for the movement and collection of lawn and leaves. Whether it's from residential mowers to industrial leaf collection trucks, we have ducting with different levels of flexibility, internal abrasion resistance, exterior toughness, and UV resistance. All of which come in a variety of lengths and sizes. As the grass grows, so do our stocking levels, with many of our Lawn and Leaf products being part of our Core Products program, which ship within 24 hours of your order.

CORE PRODUCTS

PUNCTURE-RESISTANT

ABRASION-RESISTANT

CHEMICAL-RESISTANT

CUFFS AVAILABLE

DRAG RESISTANT

MOISTURE-RESISTANT

HIGHLY COMPRESSIBLE

OZONE-RESISTANT

UV RESISTANT

MEETS FDA REQUIREMENTS/FOOD SAFE AND/OR FDA MATERIALS ARE AVAILABLE UPON REQUEST

LAWN MOWERS

CVD-AP

TEMPERATURE RANGE:
10° F to 160° F

DIAMETER RANGE: 4" to 8"

STANDARD LENGTHS: 10', 25', 50'

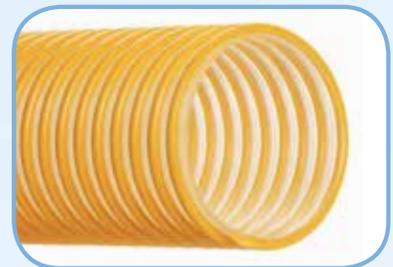

UFD Black

TEMPERATURE RANGE:
-40°F to 225°F

DIAMETER RANGE: 2" to 12"

STANDARD LENGTHS: 10', 25', 50'

UFD-AP

TEMPERATURE RANGE:
-40°F to 200°F

DIAMETER RANGE: 2" to 8"

STANDARD LENGTHS: 10', 25', 50'

LEAF COLLECTORS

RFH-W

TEMPERATURE RANGE:
-60°F to 275°F

DIAMETER RANGE: 2" to 24"

STANDARD LENGTHS: 10', 25', 50'

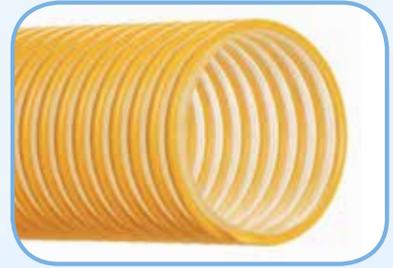

RFH.045-W

TEMPERATURE RANGE:
-60°F to 275°F

DIAMETER RANGE: 4" to 12"

STANDARD LENGTHS: 10', 25', 50'

UFD-AP

TEMPERATURE RANGE:
-40°F to 200°F

DIAMETER RANGE: 2" to 8"

STANDARD LENGTHS: 10', 25', 50'

LEAF BLOWERS

J-11

TEMPERATURE RANGE:
-30°F to 160°F

DIAMETER RANGE: .75" to 5"

STANDARD LENGTHS: 10', 25', 50'

CVD-AP

TEMPERATURE RANGE:
10° F to 160° F

DIAMETER RANGE: 4" to 8"

STANDARD LENGTHS: 10', 25', 50'

RFH

TEMPERATURE RANGE:
-60°F to 275°F

DIAMETER RANGE: 1.5" to 18"

STANDARD LENGTHS: 10', 25', 50'
